

TURF TATTOOZ PAINTING INSTRUCTIONS:

Congratulations on the purchase of your Turf Tattooz Stencil.

The grass should be mowed and free of debris. Secure stencil to grass, large nails or bent coat hangers work fine.

Spray paint the dots cut in the stencil with pink, white or yellow aerosol turf paint as shown in figure A.

Remove stencil and paint by connecting the dots as shown in figure A. Use the graphics as shown in figure B as a color guide.

Fold the stencil (make sure it is DRY) and store for future use. Enjoy and have some fun!

Use only Turf TattooZ brand grass paint for natural grass, available online at www.turftattoo.com.

The painted area can be mowed and the logo "touched up" as needed throughout the season.

If you have questions visit our web site: www.turftattoo.com.
